

# EC Certificate of conformity VIGIL'Ex Vent Panel

## CUSTOMER

Customer : SPECIMEN  
Purchase Order Number : 199999-010 Qty : 22

## PRODUCT SPECIFICATION

Type : VIGIL'Ex VL Serial number : 158256  
Size : 586x920 Date of manufacturing : 36/2013  
Material : Stainless steel 1.4307 / EPDM Manufactured quantity : 30

Marking : Ex II GD  
Burst pressure unit : 100 mbar  $\pm 15\%$  @22° C

## BURST TEST RESULTS

### Tests made according EN14797:2006

Serial number tested : 158256  
Quantity tested : 4  
Test result : (1) 102 mbar\* - Mini : 85/ Maxi : 115 (4) 103 mbar\* - Mini : 85/ Maxi : 115  
(2) 101 mbar\* - Mini : 85/ Maxi : 115 (5) mbar\* - Mini : 85/ Maxi : 115  
(3) 99 mbar\* - Mini : 85/ Maxi : 115 (6) mbar\* - Mini : 85/ Maxi : 115

\*Tests realized in an ambient temperature included between 15° C and 25° C.

## BUILDING MATERIALS

Component	Material	Material's certificate
- Panel :	Stainless steel 1.4307 ( 304L )	131005
- Gasket :	EPDM ( black )	

## PRODUCTION QUALITY INSURANCE INFORMATION

Notified company : INERIS  
Address : Parc Technologique Alata BP 2 F-60550 Verneuil-en-Halatte  
N° of notified company : 0080  
N° of quality certificat : INERIS 08ATEXQ406  
production quality Insurance certificate according to instruction of appendix IV and VII of the 94/9/EC directive

## ATEX CERTIFICATION INFORMATION

Notified company : INERIS  
Address : Parc Technologique Alata BP 2 F-60550 Verneuil-en-Halatte  
N° of notified company : 0080  
N° of quality certificat EC : INERIS 08ATEX0038X  
Technical file : BE1257001-01/12  
Harmonized norm : EN14491 : 2012 / EN14994 :2007 / EN14797 : 2006  
European directive : 94/9/CE ATEX

We certify that safety device covered by this data has been manufactured, inspected, tested and packaged in accordance with the purchase order requirements.  
All guaranty documents of this conformity certificate are on file available for examination.
